Sommelier's Note & Introduction

Welcome to Lanzerac Hotel and Spa. I trust you will enjoy this handpicked selection of wine from across the numerous terroirs of the Cape winelands, capturing the uniqueness of each source. We also offer international wines from the historical 'Old World' regions, as well as the exciting 'New World' countries. It is my belief that good wine creates happy memories and when partnered with food it only enhances the flavours. Please ask me for wine and food pairing suggestions and I will happily assist.

Tinashe Mukosi – Sommelier, Lanzerac Wine Estate

Lanzerac's winemaking history started in 1914 when the owner, the formidable Mrs Elizabeth Katherina English, bottled the first Lanzerac wine from grapes grown on her land where there were believed to have been 21 imported varietals growing. The present Lanzerac winemaking team honours the memory of this formidable lady through the Mrs English Chardonnay.

The year 1925 saw the birth of South Africa's first indigenous wine grape variety, Pinotage, which was a cross between Pinot Noir and Hermitage. In 1961, Lanzerac Wine Estate became the first winery in the world to use the term 'Pinotage' on their label when they marketed the 1959 vintage under the name 'Lanzerac'.

This visionary release marked the birth of Pinotage as a unique variety from South Africa.

To this day, Lanzerac Wine Estate, under the leadership of winemaker Wynand Lategan and viticulturist Danie Malherbe, is still producing award-winning Pinotage wines along with a wide variety of other cultivars of excellent quality.

SPARKLING WINE

Méthode Cap Classique

Méthode Cap Classique (MCC) is the term that describes the South African bottle-fermented sparkling wines produced in the French Méthode Champenoise style, whereby the second fermentation has to take place in the bottle that the wine will be served from. The name was derived from the fact that the classic art of winemaking was introduced to the Cape by the French Huguenots. The first bottle-fermented sparkling wine, called Kaapse Vonkel (Cape Sparkle), was produced in South Africa in 1971. Pinot Noir and Chardonnay are commonly used to make the premium styles of these wines, but other varieties like Sauvignon Blanc and Chenin Blanc are also extensively used. These sparkling wines are perfect for celebrations!

SPARKLING WINE

Champagne

Champagne, a sparkling wine produced in the Champagne region of France and primarily made from Chardonnay, Pinot Noir and Pinot Meunier grapes, must be made in the *Méthode Traditionnelle*, meaning the second fermentation process must take place in the same bottle that it is served from. The history of the invention of sparkling wine sparks debate as the French Benedictine monk (Dom Perignon) is often and erroneously credited with having invented sparkling wine in 1697. Records, however, have shown that an English physician, Christopher Merret, had documented attempts to intentionally create a sparkling wine long before Perignon.

It is clear, however, that the French played the most important role in perfecting the art of making sparkling wine.

SPARKLING WINE

Cava

This is a Spanish bottle of fermented sparkling wine. Cava is typically made from Spanish indigenous grape varieties, namely Macabeo, Parellada and Xarel•lo. The production of Cava was adopted by the Spanish from the French in the late 19th Century when Joseph Ravento of the Codorníu Winery in Catalonia visited Champagne and returned to make Cava in 1872. Like many traditional sparkling wines, Cava is made in a range of styles from very dry and off-dry to sweeter.

CODORNÍU CLASSICO BRUT NV Catalonia, Spain

780

The bouquet is characterised by strong minerality and apple blossoms. Full and inviting, it embraces hints of sweet ripe fruit, meringues, pastries and candied citrus peel. On the palate, its flavour fully matches the nose, with a creamy, almost crunchy sensation, and a texture that combines elegance and lightness, depth and harmony.

Prosecco

A sparkling wine from the great winegrowing region of Veneto in Italy. The grape variety that is essential for the production of Prosecco is called Glera, although small amounts of other varieties such as Chardonnay, Pinot Noir and Pinot Grigio may be blended with it. Unlike Champagne or MCC that are made using the Traditional Method, Prosecco is mainly produced using the Transfer Method (Charmat), where the second fermentation happens in pressurised stainless steel vessels. This method produces wines with a fruity and floral nose.

DA LUCA BRUT NV Veneto, Italy

290

A really refreshing low-alcohol sparkler with appealing floral, citrus and stone fruit aromas. The palate is fresh and flavoursome, displaying characters of peach, apple and capsicum, with a touch of sweetness and a clean, crisp finish.

VALDO DOCG ORO PURO BRUT NV Veneto, Italy

580

Typically floral with nuances of herbs and acacia flowers on the nose, and an intense fruity bouquet of pear and golden apples. The palate reveals elegant tones of ripe fruit flavours of pear, white melon and peach. Refined and harmonious with a lingering finish.

ROSÉ & BLANC DE NOIR

Rosé

These are pink wines, usually light-bodied and made by incorporating the colour of red-wine grape skins but not enough to be a red wine. It is essential to understand that many red-wine grape varieties have white juice and the colour of red wines comes from the period of skin contact after crushing. There are three major ways of making rosé wine, namely short skin contact, bleeding off, and blending of red and white wine. It may be the oldest known type of wine as it is the most straightforward to make, especially using the skin contact method. The pink colours can range from a pale 'onion skin' orange to a vivid near-purple, depending on the varieties and winemaking techniques used. Fresh, fruity, light rosé wines are perfect for summer.

FABLE MOUNTAIN VINEYARDS 'THE RAPTOR POST' 2017 Tulbagh

285

Blanc de Noir

The paradox of such wines is that the eye believes the other senses. This is a method of making white wine from red-wine grapes and it is called 'blanc de noir' (meaning 'white from black'), more famously used in Champagne production in France, where whole-bunch pressing is used to prevent the juice from obtaining colour from the skins.

PETER FALKE BLANC DE NOIR 2017 Stellenbosch

290

Made solely from Cabernet Sauvignon, this wine gives a bouquet of white-fleshed ripe stone fruit with a blackcurrant and rooibos infusion. It tastes of watermelon, strawberries and a touch of rose water candy. Full and creamy, yet dry, crisp and refreshing.

WHITE WINE

Sauvignon Blanc

The origins of this green-skinned grape are the famous Loire Valley and Bordeaux regions in France. Sauvignon Blanc is planted in many of the world's wine regions, producing aromatic, crisp, dry and refreshing white wines. The grape is also a component of the famous dessert wines from Sauternes and Barsac. Some new world Sauvignons are aged in wood. Popular examples are from California and they are called 'fumé blanc', a marketing term given by the Americans in reference to Pouilly-Fumé from the Loire Valley in France. South Africa produces premium wines of these variety in both wooded and unwooded styles, the best ones coming from the cooler coastal regions.

Undoubtedly one of the greatest white-wine grape varieties of the world, Chardonnay originates from Burgundy in France and some of the best examples are found here. It is grown in every country that is in wine production and it is made in a range of styles, from the lean and austere wines of Chablis to the creamy, wooded and full-bodied ones of Mâconnais. Chardonnay is also known for its important role in the production of Champagne and the other premium sparkling wines of the world. South Africa is one of the New World countries known for producing premium Chardonnay, with the Walker Bay region around the small coastal town of Hermanus getting increased recognition all over the world for this variety.

WHITE WINE

Chenin Blanc

Chenin Blanc is a white-wine grape that has a very long history as it is thought to have been established in Anjou, in the Loire Valley region of France, as far back as the ninth century. It has also played a big role in the intriguing history of winemaking in South Africa, as it is believed to have been among the first vine cuttings that arrived here in 1655 during the time of Governor Jan van Riebeeck. Chenin Blanc is currently the most planted variety in South Africa because of its important role in the production of local brandy, as well as its versatility in wine production as it is made in a wide range of styles, from premium dry table wines to high quality sweet dessert wines. While most South African Chenin Blanc wines are still made in a fresh and fruity style that is changing. More and more producers are focusing on mature bush vines and wooded styles that have given the nation a significant point of difference as we have really old Chenin vines, resulting in concentrated, full-bodied, food-friendly wines that are taking the world by storm.

WHITE WINE

Riesling

Riesling is an aromatic white-wine grape variety that originated in the Rhine region of Germany. It is one of the most interesting grape varieties of the world, displaying flowery, almost perfumed, aromas as well as a high acidity. Riesling is made in a wide range of styles, from dry to semi-sweet, sweet and sparkling white wines. These wines are usually varietally pure and are seldom oaked. The cooler climate areas of South Africa have recently been very successful in making premium styles of this variety with producers from the Elgin region in particular getting increased recognition for their wines.

PAUL CLUVER ESTATE 2017 Elgin

DE WETSHOF 2017 Robertson

470

The nose is filled with soft stone fruit and a smell of sweet turpentine that is distinctive and very pleasant. The palate is crisp and delicate with wonderful bright fruit of white-fleshed peach. Finishes off with fruity acidity and brilliant minerality.

REICHSGRAF VON KESSELSTATT QUALITÄTSWEIN Mosel, Germany

710

Whiffs of freesia and tangerine peel waft from this semi-dry Riesling. It is low in alcohol yet so honeyed and ripe that flavours of grapefruit and peach seem to slick sumptuously on the palate. A zesty lime acidity freshens a lingering finish.

Pinot Blanc

Much uncertainty surrounds the early history of this variety as to whether it is a genetic mutation of Pinot Noir or related to Chardonnay as its old name Pinot Chardonnay may suggest. For many years Pinot Blanc and Chardonnay were mistaken for each other, as this grape produces wines that are very similar to and usually blended with Chardonnay.

LANZERAC KELDERMEESTER VERSAMELING BERGPAD 2016 Jonkershoek Valley, Stellenbosch

450

Exclusively made by our cellar master from a single vineyard on the Stellenbosch Mountain overlooking the Lanzerac facilities, Bergpad is a complex, full-bodied wine with an interplay of stone fruit and white floral notes. On the nose is preserved quince, violets, lavender and pears which follows through to the palate, where creaminess and softness enter at the mid-palate, and linger on the extended finish.

Gewürztraminer

Gewürztraminer is, without a doubt, the most distinctively aromatic of all the white grapes. Its origins come from the Traminer variety, a green-skinned grape that takes its name from the village of Tramin, located in South Tyrol, the German-speaking province in northern Italy. It was spread to Alsace, where gewürz (spice) was added to its name. This variety produces an exotic, spicy, perfumed wine that has flavours of litchis and seems full-bodied, even if it isn't. It performs best in cooler climates.

NEETHLINGSHOF 2017 Stellenbosch

190

Bright straw in colour with light flashes of green, the bouquet releases notes of Turkish delight, rose petals, and hints of jasmine and honeysuckle. An off-dry palate with an exotic spicy character is followed by an abundance of litchi and zesty fruit on the finish.

WHITE WINE

Pinot Gris/Pinot Grigio

Pinot Gris and Pinot Grigio are in fact the exact same grape variety but the names have come to infer two different styles of wine. The immensely popular Italian-style (Pinot Grigio) wines are typically lighter-bodied, crisp and fresh with vibrant stone fruit and floral aromas, and a touch of spice. In contrast, the French Pinot Gris wines from the region of Alsace are more full-bodied, richer, spicier and more viscous in texture. They also tend to have greater cellaring and ageing potential. In South Africa Pinot Gris/Grigio is mostly made in a dry style.

USANA 2017 Stellenbosch

210

Crisp and refreshing, this Pinot Gris displays hints of green apple, pear and sweet honeydew melon, and a fresh, flinty edge. A smooth, subtly silk-like overtone leaves a distinctive impression on the palate. A refreshing finish.

IDIOM BIANCO 2017 Stellenbosch

230

Pale straw yellow in colour with a delicate floral nose. Elegant flavours of pear, green melon and pineapple combine with fresh, crisp acidity and a well-structured mid-palate to make this an exceptional example of Pinot Grigio. Perfect as an aperitif.

Viognier

Viognier's home is in France's northern Rhône appellations of Condrieu and Côte-Rôtie. However, it is thought to have originated in Dalmatia (Bosnia) and was imported into France around 280 AD. An early ripener and very hard to grow even in perfect conditions, it has an exuberant character that is generously perfumed and opulent but dry. In spite of lower levels of acidity, it is full-bodied with seductive flavours of apricot, peach, musk and lime blossoms.

WHALEHAVEN 2015 Hermanus

260

Very floral peach blossoms with citrus on the nose and a subtle touch of freshly baked bread. Lighter body with fresh orchard fruit, a zest of grapefruit is followed by white peach and plums on the palate. A kick of spice on the finish is tied to the refreshing aftertaste.

TAMBOERSKLOOF 2016 Stellenbosch

410

A classic white gold-coloured Viognier with dominant jasmine and frangipani notes, and delicately interlacing kiwi and pear on the nose. Purely balanced with great natural acidity. On the palate the wine punches richly and finishes boldly on apricot and quince tones.

Semillon

The Semillon grape is native to the Bordeaux region of France. A variety that produces wines considered to be perfectly food-friendly, it is appreciated for its rounded, lanolin-like quality with honey and citrus tones that are only enhanced by oak ageing. Grown mainly in the cooler regions of South Africa, these wines are usually blended with Sauvignon Blanc to add body and structure. As a single varietal wine, Semillon often displays herbaceous, grassy flavours when young but with age this wine becomes rich, luscious, even more lanolin-textured, and increasingly honeyed and toasty.

DAVID NIEWOUDT GHOST CORNER 2016 Elim

490

An aromatic Semillon displaying aromas of green fig, white fruit and nettles characteristic of the cool climate in Elim. A distinct minerality with a slight earthiness on the nose follows through onto the palate. A small amount of French oak adds a hint of smokiness, leading to a creamy palate with a crisp acidity.

STEENBERG 2016 Constantia

570

A beautiful white gold colour. Aromas of citrus and pear blossoms, sugar snap peas, vanilla pod, zesty tangerine and ripe, yellow stone fruit are followed by lemon-infused honey flavours along with white grapefruit, fresh apricot and dried herbs on the palate. Vibrant fruit concentrates the mid-palate, after which the wine broadens out with a rich texture and bright acidity. The creamy texture and slight spiciness linger on the palate.

WHITE WINE

Verdelho

A Portuguese variety popularly known for its contribution to the famous fortified wines of the Madeira Islands, there are very few plantings of this variety in South Africa and the grapes are usually destined for a few blended table wines. There are a few winemakers, however, who are producing single varietal Verdelho wines with success.

STELLENBOSCH VINEYARDS 2016 Stellenbosch

830

Made utilising wild yeast, barrel fermented and from a single vineyard, this is an exceptional wine revealing peach and apricot aromas with flinty, floral and nutty nuances. Its zesty nature makes this a complex wine showing raw almond and dried fruit on the palate. Its well-integrated acid line contributes to the refreshing, lingering finish.

Grenache Blanc

Grenache Blanc (Garnacha Blanca) is a white-wine grape variety that is related to the red-wine grape Grenache Noir. It originated in northern Spain but is also found in the Rhône region of France. It is an important variety in the Rhône Valley, where it is often blended with Roussanne in the famous white wines of Châteauneuf-du-Pape.

THE FOUNDRY 2017 Voor Paardeberg

510

Lifted floral aromas with hints of lemon cream and white stone fruit. The palate is rich but restrained with focused, pure fruit, a minerally mid-palate with a characteristic rich, fleshy mouthfeel and texture, and a long finish with a citrus tang.

Marsanne

The grape originated in the village and abbey of Marsanne in the northern Rhône region of France, where it is still widely planted today. In Hermitage, where the fruit reaches its best expression, it is usually blended with Roussanne and Clairette. Marsanne adds depth and rich textures to these blends. Wines produced from Marsanne can even develop a silky, exotic, oily texture.

LEEUVENKUIL 2016 Swartland

310

Fragrant aromas of white blossom and white ginger flower with ripe tropical fruit and hints of vanilla. A well-structured and full-bodied palate with rich complexity that is offset by good acidity and a minerally aftertaste.

Roussanne

Roussanne is a white Rhône variety that gets its name from the russet tone (roux) of its skin. Together with Marsanne, with which it is often blended, Roussanne is one of only two cultivars permitted in the white versions of the northern Rhône red-wine appellations of Hermitage, Crozes-Hermitage and Saint-Joseph, and in the exclusively white, often sparkling Saint-Péray. In the southern Rhône, Roussanne is one of four varieties allowed in white Châteauneuf-du-Pape. As a varietal wine or blending component, the variety remains a tiny factor in the Cape's vineyards.

KEN FORRESTER RESERVE 2014 Stellenbosch

590

Medium yellow with golden hues, and a huge and complex nose with dominant green figs, confit orange, marzipan and nutmeg. Luxurious oak notes upfront of a fully round mouthfeel coat the palate with lime, fig and buttered brioche toast. Elegant, rich restrained, hints of lime blossom, soft on the palate with a gentle structure, yet remains fresh with a chalky saline acid frame. An impressive long finish.

WHITE WINE

Bukettraube

Thought to be German, although there is a variety in Alsace, France, called Bouquettraube, which is said to have originated in Würzburg ('Buket' is German for bouquet). Still grown in Alsace on a small scale, Bukettraube has not been a great traveller. First imported to South Africa in 1967, the variety adapted well. South Africa appears to be the only country outside Germany and France to have any plantings and bottles it as a single varietal wine.

CEDERBERG 2017 Cederberg

260

Prominent Muscat flavours with apricot and floral notes on the nose. A well-balanced wine with a delicate sweetness and a crisp acidity. Can be enjoyed as an aperitif.

Sylvaner

Sylvaner is the French name for the German variety known as Silvaner, although it is said to have originated in Austria. Wine from this grape has a naturally high acid level. It is still popular in areas in Germany where Riesling struggles to ripen as it ripens two weeks earlier.

OVERGAAUW 2017 Stellenbosch

330

The only single-varietal Sylvaner produced in South Africa, this wine is refreshing and medium-bodied with aromas of pear, apricot and white-fleshed peach, and small traces of floral and spice notes. The fruit follows through onto the palate with a pleasingly crisp, lingering finish.

Grüner Veltliner

The most important grape variety in Austria, Grüner Veltliner achieved worldwide awareness and popularity at the end of the last century. It is a fertile variety and therefore requires yield regulation. It grows especially well in deep soil, does not like dryness and is sensitive during flowering.

DIEMERSDAL 2017 Durbanville

Creamy textured with a core of subtle acidity and an amalgam of generous and enveloping fruit flavours enriched by partial fermentation and ageing in wood. When well chilled, the wine presents a crisp Sauvignon Blanc profile, but when lightly chilled the creamy oak vanilla comes to the fore, also displaying spice and floral characteristics.

RED WINES

Pinotage

South Africa's own grape – a cross between Pinot Noir and Cinsault (Hermitage) that was created by Stellenbosch University's first Professor of Viticulture, Professor Abraham Izak Perold, in 1925. The first commercial bottling of this variety was done at Lanzerac from the 1959 vintage and the wine was released in 1961. This Pinotage was voted the best wine at the Cape Young Wine Show in 1961, leading to many producers developing some interest in making wine from this variety. When young, Pinotage wines are packed with plum and berry flavours, which then soften and develop associations with prunes, cherries and cassis, as well as red and black berries. Usually medium- to full-bodied, sometimes with a sweet sensation on the finish, and with a complexity that makes Pinotage age well for up to 10 years and more.

LANZERAC 2015 Stellenbosch

60 | 220

FLAGSTONE 'WRITER'S BLOCK' 2015 Bredekloof

On the nose, a wonderful balancing of ripe, dark red fruit like mulberry and blackberry, with mocha chocolate and Indian spice, underpinned by a bewitching hint of bramble and mint. The palate is surprisingly rich, beautifully balanced and gives the impression of being elegant and powerful at the same time. Flavours of very ripe strawberry, cherry and darker blackberry are wrapped up in soft, comforting oak hints and a caress of vanilla and dark chocolate. Really long and luscious.

LANZERAC PIONIER 2016 Stellenbosch

320 | 1200

Lanzerac was the first commercial producer of a single varietal Pinotage and this wine honours our pioneering heritage. It delivers dense, concentrated fruit and layers of different flavours. Christmas spices of nutmeg, cloves and cinnamon surround plums, prunes, berries and currants, while the well-integrated oak and soft, silky tannins add backbone and length.

KANONKOP 2008 Stellenbosch (OLD & RARE)

1500

This softer style of Pinotage is a benchmark for the variety from a producer who has helped put the wine on the map. The nose is a melding of plum, cherry, spice and blackcurrant. On the palate, mocha, plum, spice and cherry mingle. Soft, rich and integrated, it still has the spicy vigour of a true Pinotage. A liquorice snap note lingers nicely on the plush finish.

RED WINES

Merlot

Merlot is one of the primary grapes in Bordeaux, where it is the most widely planted variety. It was introduced to the Cape winelands around 1910, although it was only from the mid-1980s that the wine 'took off' as a variety bottled on its own. It remains a popular component in the country's Bordeaux-style blends, and is grown throughout most of the winelands, though predominantly in Stellenbosch and Paarl. The wine usually appears as dark purple or blue coloured, and has a fresh and fruity taste, full of red fruits.

LANZERAC 2015 Stellenbosch

60 | 220

1 100

The wine has a fragrance of ripe red fruits such as plums and dark cherries, and a hint of olives followed by a slight leafy quality and some attractive oak-derived character. The palate has good depth of flavor and fresh acidity with earthy complexity, yet still expresses minerality. The maintained good acidity leads to outstanding freshness with a well-integrated ripe and seductive firm tannin structure making for a tight finish.

RED WINES

Shiraz/Syrah

Although some reckon that Shiraz/Syrah originated in the town of Shiraz in Iran and others argue that it came from Syracuse in Sicily, in fact the variety originated in the Rhône Valley of France. This grape delivers a wine that is probably the most exotic of all the reds, with immense concentration and complexity. It thrives in warmer climates which is why South Africa is one of the leading producers. Our full-bodied Shirazes are powerful wines, headily rich, with gamey and ripe berry fruit flavours, and considerable alcohol levels. They are multi-dimensional with layers of raspberries, blackberries and blackcurrants, full of mixed spices, leathery with dark chocolate flavours, rich and smoky oakiness, and sometimes a hint of tar.

RED WINES

Cabernet Sauvignon

Described as the 'King of Grapes', Cabernet is associated with some of France's finest, with Bordeaux considered to be its home. This popular variety has been cultivated throughout the world's major wine-producing countries. It is bottled on its own but is also often blended with Cabernet Franc and/or Merlot, with some combinations also including Petit Verdot and/or Malbec. No record exists to confirm Cabernet Sauvignon's first arrival in South Africa, although it is likely that the variety has been here for over 200 years. By the 1920s it had become one of the country's top-quality red varieties and today it is grown in virtually all of the wine-producing areas. South Africa has made itself one of the go-to countries for consumers looking for a deep red wine with all the traditional flavour of a French Bordeaux. It has become a specialist at producing award-winning Cabernet Sauvignons which are prized by wine connoisseurs all over the world, yielding the familiar aromas and flavours of blackcurrant, cedarwood and lead pencil shavings, with perhaps a whiff of sweet vanilla oak. South African Cabernet is also known to show additional aromas and flavours of green pepper, mint, dark chocolate, tobacco and cloves. As it matures, it takes on the aroma of a forest floor.

RED WINES

Cabernet Franc

Cabernet Franc is one of the major red-wine grape varieties worldwide. It is principally used for blending with Cabernet Sauvignon and Merlot in the Bordeaux style but can also be found as a single varietal bottling. Cabernet Franc is one of the genetic parents of Cabernet Sauvignon although it is lighter, making bright pale red wines, and contributing finesse and a peppery perfume to blends with more robust grapes. Depending on the region and style of wine, additional aromas can include tobacco, raspberry, and cassis – sometimes even violets.

CHAMONIX 2016 Franschhoek

570

Shows a deep ruby mulberry colour and intense bouquet with scents reminiscent of bell peppers, red berries, spice and cigar box. A wine of ample structure fills the mouth with concentrated fruit and berry sensations. A good finish with a lingering aftertaste.

RAINBOW'S END 'SPECIAL RELEASE' 2016 Stellenbosch

860

Deep red in colour with liquorice and cherries on the nose, and ripe red fruit with hints of spice on the palate. A rich, smooth mouthfeel with a lingering finish.

Pinot Noir

Pinot Noir 'took root' in the Côte d'Or in the heart of the Burgundy region in France in the 4th century AD, and in Champagne, where it is traditionally blended with Chardonnay. Of all red wines, Pinot Noir is the one that is associated with the most elegance due to its ability to combine a low tannin structure with a whole spectrum of upfront fruit flavours of raspberries, strawberries, cherries and cranberries, as well as violets and roses.

STARK-CONDÉ POSTCARD SERIES 2016 Elgin

340

This wine has the classic strawberry and cherry fruit you expect from a Pinot with a touch of pepper and Asian spice that is typical of Elgin. A very pretty mouthfeel with fine polished tannins. An elegant and more feminine style, with all the positives of that connotation.

From low-vigour, stony and clay-rich soil with a cool maritime climate, this very stylish and alluring Pinot is blood orange. The nose exudes singed cinnamon, dark tea and good red fruit concentration of lightly mulled cherry fruit notes weaving together, laced with a tangy mineral echo that stretches out the spiced and perfumed finish.

RED WINES

Malbec

This is a deep-coloured grape long known as one of the five varieties allowed in the blend of red Bordeaux wine. The French plantations of Malbec are now very few and found primarily in Cahors in the southwestern region of France. It is increasingly celebrated as an Argentine varietal wine and is being grown around the world. While the variety can be harsh and tannic in France (usually needing Merlot to soften it), in Argentina, where it is grown extensively, it produces a softer, juicier style of red. In South Africa it produces a plummy, meaty wine, with intense raspberry and mulberry fruit undertones.

LANZERAC KELDERMEESTER VERSAMELING DOK 2015 Stellenbosch

610

From Malbec harvested from a single vineyard block situated on Lanzerac in the Jonkershoek Valley, this wine is packed with mulberry, eucalyptus and liquorice notes on the nose, which follow through to a juicy palate, ending with blackcurrant pastille. The emphasis is on fruit, but soft, polished tannins and acidity add to the complexity and balance of this wine.

PLAISIR DE MERLE 2010 Paarl

750

Sweet baking spices and red cherries on the nose combine with some hints of leather and cocoa. Nuances of red berry fruit follow on the palate, accompanied by soft elegant tannins that ensure drinkability. A creamy, oaky finish.

MALBEC VIÑA COBOS FELINO 2016 Mendoza, Argentina

Carries a deep magenta hue and aromas of dark berries and anise. On the palate, intense, pure flavours of just-picked raspberries, black plum and graphite unfold in velvety layers. Exotic notes of ginger and white pepper carry through the mid-palate to intermingle with firm tannins and notes of cedar on the finish.

Petit Verdot

A classic grape variety that is mostly used to add extra power and weight behind the famous Bordeaux-style blends. On their own, these wines are ageworthy and show excellent quality although they require time to settle and enable the taut tannins to mellow. They are concentrated, tannic wines, deep in colour, with ripe berry fruits and they bring a whole range of flavours of strawberry, blueberry, black olive, liquorice, violet and oregano.

SUPER SINGLE VINEYARDS PELLA KOUVELD 2014 Stellenbosch

570

The bouquet is layered with blackcurrant, raspberry and violets, with some leathery undertones. These aromas follow through, leading to a rich, highly extracted palate, with ripe tannins and a lengthy finish.

RED WINES

Grenache

One of the world's most widely planted grape varieties, Grenache is a quintessentially Mediterranean red-wine variety. It originated in the northern province of Aragon, Spain, and spread to Rioja and Navarra. Grenache is also the dominant variety in most southern Rhône wines, especially Châteauneuf-du-Pape, wherein it is typically over 80% of the blend. Grenache is also used to make rosé wines in France and Spain, notably those of the Travel district in the Côtes du Rhône. Single variety Grenache wines are increasingly being produced in South Africa with success, with areas such as Piekenierskloof and Swartland being well-reputed sources for premium grapes. These wines display distinctive black pepper and spice – the cloves, nutmeg and cinnamon of a Christmas cake – with red plummy fruit.

AREND SIG INSPIRATIONAL BATCH 2 2016 Robertson

530

An inviting fruity and floral nose of violets, red cherries and ripe plums is followed by nuances of jasmine, cinnamon and oaky leather. The palate is lively with fleshy ripe fruit that is elegantly balanced by soft waves of tannin.

NEIL ELLIS 2014 Piekenierskloof

800

Bright ruby red in colour. Vibrant red fruit on the nose with spicy peppery aromas that follow through to the lovely fresh palate which has great length and fine elegant tannins. A remarkably long finish.

DAVID & NADIA 2016 Swartland

850

Rich, ripe yet tart cranberry and redcurrant fruit on the nose; raspberry strides in later. Marvellously dry on the entry, yet proactively scented and intriguing. A spicy and complex palate, with wild strawberry flavours, plenty of tannic grip, bright acidity and a long, mineral-edged finish.

Cinsault

Comes from France, where it is spelt Cinsault, not Cinsaut. It is grown mainly in the south, from Provence to the Midi. The variety was imported from the south of France in the mid-19th century and, until the rise of Cabernet Sauvignon in the late 20th century, it was the single most widely planted red cultivar in South Africa at a time when it was better known as Hermitage. Cinsault is used chiefly as a blending component but single varietal bottlings are increasing again. It owes its popularity among farmers to its ability to withstand hot growing conditions and produces wines that have become favourites with chefs and sommeliers alike because of their pairing abilities.

WATERKLOOF SERIOUSLY COOL 2016 Stellenbosch

380

This wine is playful in its aromas with pronounced cassis tones. Furthermore, a combination of blackcurrant, candied orange zest, violets and spices can be appreciated on the nose. In the mouth, cassis fruit dominates with some spiciness complemented by soft tannins and a refreshing finish.

NEIL ELLIS 2015 Groenekloof

680

Medium in colour with a bright crimson hue, this wine portrays a complex mix of red fruits, spicy notes and perfume. Interesting complexity is gained from subtle ageing in oak. The palate is bright and youthful with cherry and fruit tart flavours. Fine grainy tannins add to the structure of the wine, leading to an elegant finish.

Nebbiolo

A native of the northwestern region of Piedmont, this variety produces some of the best quality wines in Italy. A variety that prefers cooler conditions, Nebbiolo has experienced some problems with sunburn in South African vineyards. Steenberg from Constantia has included a single varietal Nebbiolo in its portfolio since the late 1990s that is a yardstick for this variety. Wines offer a perfumed nose with plum, strawberry and fruit aromas, and upfront blackberry and dark cherry flavours. A full-flavoured, excellent food wine.

STEEBERG 2015 Constantia

730

The bouquet displays notes of rose petal, dried apricot and fynbos along with notes of leather and cherries. The palate presents the natural tart acidity and grippy tannins of Nebbiolo, accompanied by hints of sour cherries, raspberries and wild strawberries. A pleasing finish of flowers and spice.

RED WINES

Zinfandel/Primitivo

Zinfandel is thought to be of European origin and is the same variety as Italy's Primitivo. However, as California's most widely planted red-wine grape at one stage, today it is synonymous with these winelands, where it has been planted since the mid-1880s. In South Africa, plantings are still small and are largely confined to Stellenbosch and Paarl, where they have been around since the 1970s. The variety is associated with rich fruitiness, and dark berry fruit and cherries are often the ones most easily identified.

A nose of brambly fruit flavours can develop into a rich, spicy stew with time. Another distinctive aroma is raisins.

IDIOM 2014 Stellenbosch

570

Silky and strong. This elegant, medium-bodied expression of Zinfandel exhibits a superb power-to-weight ratio. Aromas of red cherries and a mélange of sweet fynbos dominate the nose. An effortless entry leads to an explosive revolving tray of rosemary, raspberry, liquorice and dark chocolate flavours on the palate. The attractive, long lingering finish

HESS SELECT 2013 California, USA

1 450

Generous aromas of sweet purple plums, blackberries, blueberries and brambleberries with some underbrush as a backdrop. While this is a big Zinfandel, it is also balanced and elegant. Blackberry and black raspberry notes with a hint of vanilla on the finish.

Barbera

Believed to have originated around Monferrato in Piedmont, Italy, Barbera is one of Italy's most widely planted red-wine grapes, often used as a blending component. Ralph Parker, third generation owner of the historic Altydgedacht estate in Durbanville, planted some in the early 1900s and Oliver, Ralph's grandson, established the wine as a regular member of the Altydgedacht range in 1986 with the maiden vintage as a single varietal wine.

ALTYDGEDACHT 2013 Durbanville

390

A rich red colour with a nose exuding dark fruit and toasty oak aromas. The velvety entry on the palate is rounded off with varietal fruit flavours and oaky sweetness. The elegant tannin structure is a hallmark of the cooler Durbanville winegrowing region.

Sangiovese

From central Italy, Sangiovese is the Chianti grape par excellence, responsible in Tuscany for the famous Chianti Classico, Brunello di Montalcino and Vino Nobile di Montepulciano wines. A relative newcomer to the Cape with only a few vineyards planted, interesting single varietal wines have been made by a few producers.

IDIOM 2014 Stellenbosch

570

An aromatic and elegant Sangiovese with a tantalising nose and complex mouthfeel. Deep red cherry and raspberry fruits are enhanced by notes of cedarwood, tobacco and cloves. Spicy and savoury with a wonderful balance of aromas, tastes and textures. A dry, savoury finish.

WINES

Tempranillo

Tempranillo, also known as Tinta Roriz in Portugal, is the noblest red-wine grape variety of Spain's Rioja region. The grape takes its name from the Spanish word for early, 'temprano', as it tends to ripen early. In Rioja the variety is famous for producing dark-coloured wines that are capable of ageing without losing their colour. Tempranillo is said to have arrived in the Cape with famous port varieties such as Tinta Barocca and Souzao some 50 years ago as it is especially well adapted to hot climates. Vastly used locally as a blending component in the wines of various port houses in the country, characteristic flavours include plums, blackcurrants, cassis, tea, brown sugar and vanilla.

BALEIA 2015 Cape South Coast

380

Blackcurrant and dark cherries on the nose, complemented by leather, nuts, and sweet spices that evolve into deep savoury notes on the palate. A refreshing wine with a lingering finish.

VINA MAYOR RESERVA 2011 Ribera del Duero, Spain

1 140

A combination of ripe black fruit, sweet spices and delicate toasted notes with elegant hints of leather, tobacco and mocha. Rounded, silky and complex on the palate with a long, delicate finish.

CAMBERLEY PHILOSOPHER'S STONE 2014 Stellenbosch

480

RUSTENBERG JOHN X MERRIMAN 2015 Stellenbosch

490

The nose liberally expresses cassis, blackcurrant and dark wild fruits complemented by cigar tobacco and sour cherry notes. Fine-grained tannins combine with beautiful fruit on the full-bodied and savoury palate. Careful use of oak ensures good complexity with hints of cedar and tobacco giving a satisfying finish.

LES CHARMES DE KIRWAN MARGAUX 2010 Bordeaux, France

2 450

A deep ruby colour with aromas of plums, blackcurrants, damsons, cedarwood and a touch of leather. On the medium-bodied palate, really agile, nice ripe tannins that are not intrusive balanced by lovely crunchy fruit and good acidity. A very nice cranberry finish.

MVEMVE RAATS MR DE COMPOSTELLA 2015 Stellenbosch

2 650

A benchmark Cape Bordeaux comprising 40% Cabernet Franc, 32% Cabernet Sauvignon, 13% Merlot, 11% Petit Verdot and 4% Malbec. RED BLENDS

Rhône-Style Blends

- ORG DE RAC DE WAGHUIS 2016** Swartland (CERTIFIED ORGANIC) **450**
An inviting fruity and floral nose of violets, red cherries and ripe plums is followed by nuances of jasmine, cinnamon and oaky leather. The palate is lively with rich ripe fruit that is elegantly balanced by soft waves of tannin. A spicy finish.
- NEDERBURG THE MOTORCYCLE MARVEL 2013** Western Cape **510**
A sumptuous blend of 32% Carignan, 31% Shiraz, 14% Grenache, 13% Cinsault and 10% Mourvèdre. A deep intense ruby red colour, the bouquet has an abundance of sweet spices, ripe red berries and dried fruit characters on the nose. The palate follows with a rich and intense full-bodied explosion of red fruit flavours with ripe and silky tannins. An excellent integration of fruit and wood with a hint of spice to finish.
- SARONSBURG FULL CIRCLE 2015** Tulbagh **1 200**
This acclaimed wine has a deep, dark purple colour with prominent ripe plum and red berry flavours combined with floral notes and undertones of spice. The oak is well-balanced with full, firm yet accessible tannins. A wine of depth, complexity and grace.
- DOMAINE DU GRAND TINEL CHÂTEAUNEUF-DU-PAPE 2010** Rhône, France **1 650**
Aromatic and loaded with crunchy red fruits as well as a bouquet of delicate spices. This wine is really coming into its own and, while still youthful, is delightfully fresh and inviting. There is an excellent purity on the ripe palate with roasted black cherry fruit and bouquet garni. A rewarding spicy finish.

Cape Style Blends

- LYNGROVE LATITUDE 2015** Stellenbosch **430**
A full-bodied blend of Cabernet Sauvignon, Pinotage and Shiraz, the wine shows depth of colour. The nose entices with hints of blackberry, cedar, cigar box and Herbes de Provence. Rich and flavourful but defined by structured tannins. Integrated oak with nuances of dark chocolate, cloves and nutmeg.
- KAAPZICHT STEYTLER VISION 2015** Stellenbosch **1 300**
The yardstick of Cape blends that is only made in exceptional years. Sweet spice, freshly picked red plums, black cherries and cola are supported by aromatic toasted coconut and milk chocolate from the youthful oak. The bright-cored palate shows more elegance and freshness but retains the characteristic fine-grained, polished tannin structure that is accessible and mouth-watering.

Alternative Style Blends

- EIKENDAL CHARISMA 2017** Stellenbosch **290**
An unorthodox blend of 74% Shiraz, 25% Petit Verdot and 1% Sangiovese. The Shiraz gives a floral nose of violets and spice and a lean fresh structure, while Petit Verdot brings black fruit, spice and a reined in tannin structure to the blend, and Sangiovese with its clean fruit, tomato paste and light structure rounds everything off to a clean finish.
- LANZERAC KELDERMEESTER VERSAMELING PROF 2015** Stellenbosch **680**
This blend comprises 60% Cinsaut and 40% Pinot Noir. The inspiration for this wine is an effort to find out what Professor Abraham Perold had in mind when he created Pinotage by crossing Cinsault and Pinot Noir in 1925. This wine has a prevailing sense of freshness and lightness in body, an expressive fruit spectrum that leans towards tangy sour cherry and ripe red fruit. A soft and delicate palate with fundamental complexity rounds off seamlessly to a refreshing finish.
- NICO VAN DE MERWE 'MAS NICOLAS' 2013** Stellenbosch **930**
An elegant wine with great depth. On the nose it expresses aromas of dark berries, flowers and some earthiness. The palate is dominated by black fruit, plum and savoury meat flavours. The perfectly judged oak influence is precise and supports the fruity, spicy finish.
